Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

Enclosed for review by the Examiner is Figure 1B in the above-identified application.

The Examiner objected to the drawings because the specification on page 4 refers to the electrode as '22a' but Fig. 1B labels the electrode as '22.' Label '22' in Fig. 1B has been corrected to read '22a'.

All amendments are indicated in red and circled in red on the attached figure. No new matter has been added. If approved, Applicants will incorporate this change in a Submission of Formal Drawings.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
